

Product Code – EXL14M2402.5

Description – 14mtr 230v 2.5mm 3 Core 13amp 1gang Extension Lead

Max Load 2990 Watts

Suitable For Internal Or External Use

Instructions For Use:

Fully unwind cable prior to use avoiding liquids, sharp edges and locations where it may be trapped or run over.

When disconnecting always pull the plug not the cable.

You must ensure that the current drawn by the equipment does not exceed the maximum load rating of the cable.

Always check the cable including plugs and sockets for damage, if any damage is found then repairs need to be carried out by a qualified person.

Safety Precautions:

Do not exceed the maximum load rating

Do not use near water

Do not use in explosive atmospheres

Store indoors when not in use

Keep away from children
