

50W Retractable Tripod Double Head Sales Specification Sheet

Description:

The Elite double head 50W retractable leg tripod light is a modern version of a traditional halogen predecessor. Using the latest led technology, the light will easily illuminate the work site with a constant 11000 lumens of cool daylight providing a safe and healthy environment.

The robust construction, solid state LEDs and sturdy metal frame ensures this at home in the most arduous working environments ensuring reliability. Using LED technology ensures cool surface temperatures avoiding user burns or potential fires.

LED technology offers huge saving regarding running costs, power consumption and ongoing maintenance within the fleet.

Product Code: LED50WRLDH

Specification:

- 11000lm output
- Total power 100W
- Compact and robust design
- CRI >80 and colour temperature of 6400K
- Fully CE compliant and manufactured to meet IP44.

Differentiator:

- Low heat, no hot surfaces.
- Latest LED technology means reduced power and running costs
- All components are manufactured from robust materials to ensure the product performs in the harshest environments.

Technical:

- Voltage – 110V 50/60Hz
- Plug – 110V 16A IEC 60309
- Weight – 9.7kg
- Dims Head Only– 52 x 12 x 29cm (WxDxH)
- Dims Tripod – 14 x 12.5 x 129cm (WxDxH)
- Power 100W
- Lumens 11000lm
- Light distribution - 120°
- Cable – 1.5mm H05 VVF – 5M
- Tripod type - retractable tripod with adjustable centre pole – min. 1.5m max. 2.2m

SMD LED
